References to these instructions are to the Internal Revenue Code (IRC) as of **January 1, 2005**, and the California Revenue and Taxation Code (R&TC).

What's New

Heroes Earned Retirement Opportunities Act

California conforms to the Federal Heroes Earned Retirement Opportunities Act that allows members of the Armed Forces serving in a combat zone to make contributions to their individual retirement plans even if the compensation on which such contribution is based is excluded from gross income.

The Tax Increase Prevention and Reconciliation Act

California does not conform to the provision of the Federal Tax Increase Prevention and Reconciliation Act; which increased the age of the children from under 14 to under 18 for elections made by parents reporting a child's interest and dividends.

- Federal Energy Policy Act of 2005
- Pension Protection Act of 2006

General Information

In general, California law conforms to the Internal Revenue Code (IRC) as of January 2005. However, there are continuing differences between California and federal law. When California conforms to federal tax law changes, we do not always adopt all of the changes made at the federal level. For more information regarding California and federal law, go to our Website at www.ftb.ca.gov and search for **conformity**. Additional information can be found in FTB Pub. 1001, Supplemental Guidelines to California Adjustments, and the Business Entity tax booklets.

Note, the instructions provided with California tax forms are a summary of California tax law and are only intended to aid taxpayers in preparing their state income tax returns. We include information that is most useful to the greatest number of taxpayers in the limited space available. It is not possible to include all requirements of the California Revenue and Taxation Code (R&TC) in the tax booklets. Taxpayers should not consider the tax booklets as authoritative law.

Military Personnel – Servicemembers domiciled outside of California, and their spouses, may exclude the member's military compensation from gross income when computing the tax rate on nonmilitary income. Requirements for military servicemembers domiciled in California remain unchanged. Military servicemembers domiciled in California must include their military pay in total income. In addition, they must include their military pay in California source income when stationed in California. However, military pay is not California source income when a servicemember is permanently stationed outside of California. For more information, get FTB Pub. 1032, Tax Information for Military Personnel.

Purpose

Use this schedule to make adjustments to your federal adjusted gross income and to your federal itemized deductions using California law.

Part I – Specific Line Instructions

Column A — Federal Amounts

Enter on line 7 through line 21 the same amounts you entered on your federal Form 1040, line 7 through line 21; Form 1040A, line 7 through line 14b; or Form 1040EZ line 1, line 2, and line 3.

Line 22 – Total

Combine the amounts on line 7 through line 21.

Line 23 through Line 30 and Line 32 through Line 35

Line 31a and Line 31b

Line 36

Add line 23 through line 31a and line 32 through line 35. However, if you made any of the adjustments described in the instructions for federal Form 1040, line 36 or if you claimed the foreign housing deduction from federal Form 2555, Foreign Earned Income, or Form 2555-EZ, Foreign Earned Income Exclusion, enter the amount from Form 1040, line 36 on this line.

Line 37 – Total

Subtract line 36 from line 22.

Column B and Column C — Subtractions and Additions

Use these columns to enter subtractions and additions to the federal amounts in column A that are necessary because of differences between California and federal law. Enter all amounts as positive numbers unless instructed otherwise.

You may need one of the following FTB publications to complete column B and column C:

- 1001, Supplemental Guidelines to California Adjustments;
- 1005, Pension and Annuity Guidelines;
- 1031, Guidelines for Determining Resident Status;
- 1032, Tax Information for Military Personnel; or
- 1100, Taxation of Nonresidents and Individuals Who Change Residency.

To get a publication or form go to our Website at www.ftb.ca.gov or see page 67 of your tax booklet.

Line 7 – Wages, Salaries, Tips, etc.

Generally, you will not make any adjustments on this line. If you did not receive any of the following types of income, make no entry on this line in either column B or column C.

Active duty military pay. Special rules apply to active duty military taxpayers. Get FTB Pub. 1032, Tax Information for Military Personnel, for more information.

Sick pay received under the Federal Insurance Contributions Act and Railroad Retirement Act. California excludes this item from income.

Enter in column B the amount of these benefits included in the amount in column A.

Ridesharing fringe benefit differences. Under federal law, qualified transportation benefits are excluded from gross income. Under the Revenue and Taxation Code, there are no monthly limits for the exclusion of these benefits and California's definitions are more expansive. Enter the amount of ridesharing benefits received and included in federal income on line 7, column B.

Exclusion for compensation from exercising a California Qualified Stock Option (CQSO). To claim this exclusion:

- Your earned income is \$40,000 or less from the corporation granting the CQSO,

- The market value of the options granted to you must be \$100,000 or less,
- The total number of shares must be 1,000 or less, and
- The corporation issuing the stock must designate that the stock issued is a California qualified stock option at the time the option is granted.

If you included an amount qualifying for this exclusion in federal income, enter that amount in column B.

Exclusion for Medical Expenses Reimbursement. California allows an exclusion from gross income for employer-provided accident, health insurance, and medical expense reimbursement for registered domestic partners and the partner's dependents if they were not previously deducted. Self-employed individuals may also claim a deduction for health insurance costs paid for themselves, their spouses, and dependents. In addition, self-employed individuals may claim this deduction for health insurance costs paid for their registered domestic partner and the domestic partner's dependents. Enter the amount included in federal income in column B.

Compensation of merchant seamen, military service members, rail, motor, and aircraft carriers. Exclude the following from gross income: compensation for the performance of duties of certain merchant seamen, rail carriers, motor carriers, aircraft carriers, and military service members.

Line 8 – Taxable Interest Income

If you did not receive any of the kinds of income listed below, make no entry on this line in either column B or column C.

Enter in column B the interest you received from:

- U.S. savings bonds (except for interest from series EE U.S. savings bonds issued after 1989 that qualified for the Education Savings Bond Program exclusion);
- U.S. Treasury bills, notes, and bonds;
- Any other bonds or obligations of the United States and its territories;
- Interest from Ottoman Turkish Empire Settlement Payments;
- Interest income from children between the ages of 14 and 18. (For more information, get FTB Pub. 1001, Supplemental Guidelines to California Adjustments.)

Enter in column C the interest you identified as tax-exempt interest on your federal Form 1040 (or Form 1040A), line 8b, **and** which you received from:

- Non-California state bonds;
- Non-California municipal bonds issued by a county, city, town, or other local government unit;
- Obligations of the District of Columbia issued after 12/27/73;
- Non-California bonds if the interest was passed through to you from S corporations, trusts, partnerships, or Limited Liability Companies (LLCs);
- Interest or other earnings earned from a Health Savings Account (HSA) are not treated as taxed deferred. Interest or earnings in a HSA are taxable in the year earned;
- Interest on any bond or other obligation issued by the Government of American Samoa.

Note: Make no entries in either column B or column C for interest you earned on Federal National Mortgage Association (Fannie Mae) Bonds, Government National Mortgage Association (Ginnie Mae) Bonds, and Federal Home Loan Mortgage Corporations (FHLMC) securities, or grants paid to low income individuals.

Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, if you received interest income from the following sources:

- Loans made in an enterprise zone (EZ) or the former Los Angeles Revitalization Zone (LARZ); or
- Items listed above passed through to you from S corporations, trusts, estates, partnerships, or LLCs.

Line 9 – Ordinary dividends

Generally, no difference exists between the amount of dividends reported in Column A and the amount reported using California law. However, California taxes dividends derived from other states and their municipal obligations. In addition, certain mutual funds pay "exempt-interest dividends". If the mutual fund has at least 50% of its assets invested in tax-exempt U.S. obligations and/or in California or its municipal obligations, that amount of dividend is exempt from California tax. The proportion of dividends that are tax-exempt will be shown on your annual statement or statement issued with Form 1099-DIV.

Add dividends received from the following and enter in column B:

- The portion of exempt interest dividends from mutual funds that meets the 50% rule above and were included in column A;
- Non-cash patronage dividends from farmers' cooperatives or mutual associations;
- Dividend income for children between the ages of 14 and 18. (For more information, get FTB Pub. 1001, Supplemental Guidelines to California Adjustments.)

Add dividends received from the following and enter in column C:

- The federally exempt interest dividends from other states, or their municipal obligations and/or from mutual funds that do not meet the 50% rule above;
- Controlled foreign corporation dividends in the year distributed;
- Regulated investment company (RIC) capital gains in the year distributed;
- Distributions of pre-1987 earnings from an S corporation;
- Non-cash patronage dividends from farmers' cooperatives or mutual associations.

Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, if you received dividends from:

- Non-cash patronage dividends from farmers' cooperatives or mutual associations;
- A controlled foreign corporation;
- Distributions of pre-1987 earnings from S corporations; or
- Undistributed capital gains for regulated investment company (RIC) shareholders.

Line 10 – Taxable refunds, credits, or offsets of state and local income taxes

California does not tax the state income tax refund received in 2006.

Enter in column B the amount of state tax refund entered in column A.

Line 11 – Alimony Received

If you are a nonresident alien and received alimony not included in your federal income, enter the alimony on this line in column C. Otherwise, make no entry on this line.

Line 12 – Business Income or (Loss)

Adjustments to federal business income or loss you reported in column A generally are necessary because of the difference between California and federal law relating to depreciation methods, special credits, and accelerated write-offs. As a result, the recovery period or basis used to figure California depreciation may be different from the amount used for federal purposes.

Adjustments are figured on form FTB 3885A, Depreciation and Amortization Adjustments, and are most commonly necessary because of the following:

- **Before January 1, 1987**, California did not allow depreciation under the federal accelerated cost recovery system. Continue to figure California depreciation for those assets in the same manner as prior years.
- **On or after January 1, 1987**, California provides special credits and accelerated write-offs that affect the California basis of qualifying assets. Refer to the bulleted list on the next page.

Use form FTB 3801, Passive Activity Loss Limitations, to figure the total adjustment for line 12 if you have:

- One or more passive activities that produce a loss; or
- One or more passive activities that produce a loss **and** any nonpassive activity reported on federal Schedule C.

Use form FTB 3885A to figure the total adjustment for line 12 if you have:

- Only nonpassive activities which produce either gains or losses (or combination of gains and losses); or
- Passive activities that produce gains.

Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, for more information about:

- Premiums paid on life insurance policies, annuities, or endowment contracts issued after 6/8/97 where the owner of the business is directly or indirectly a policy beneficiary.

Line 13 – Capital Gain or (Loss)

Generally, no adjustments are made on this line. California taxes long and short term capital gains as regular income. No special rate for long term capital gains exists. However, the California basis of the assets listed below may be different from the federal basis due to differences between California and federal laws. If there are differences, use Schedule D

(540), California Capital Gain or Loss Adjustment, to calculate the amount to enter on line 13.

- Gain on the sale of qualified small business stock which qualifies for the gain exclusion under IRC Section 1202;
- Basis amounts resulting from differences between California and federal law in prior years;
- Gain or loss on stock and bond transactions;

Line 14 – Other Gains or (Losses)

Generally, no adjustments are made on this line. However, the California basis of your other assets may differ from your federal basis due to differences between California and federal law. Therefore, you may have to adjust the amount of other gains or losses. Get Schedule D-1, Sales of Business Property.

Line 15 – Total IRA Distributions

Generally, no adjustments are made on this line. However, there may be significant differences in the taxable amount of a distribution (including a distribution from conversion of a traditional IRA to a Roth IRA), depending on when you made your contributions to the IRA. Differences also occur if your California IRA deductions were different from your federal deductions because of differences between California and federal self-employment income.

If the taxable amount using California law is:

- Less than the amount taxable under federal law, enter the difference in column B; or
- More than the amount taxable under federal law, enter the difference in column C.

Get FTB Pub. 1005, Pension and Annuity Guidelines, for more information and worksheets for figuring the adjustment to enter on line 15, if any.

Caution: If you have an IRA basis and were a nonresident in prior years, you may need to restate your California IRA basis. Get FTB Pub. 1100, Taxation of Nonresidents and Individuals Who Change Residency.

Coverdell ESA formerly known as Education (ED) IRA – If column A includes a taxable distribution from an ED IRA, you may owe additional tax on that amount. Get form FTB 3805P, Additional Taxes on Qualified Plans (Including IRAs) and Other Tax-Favored Accounts. Report only the taxable amount of the distribution on line 21f.

Line 16 – Total Pensions and Annuities

Generally, no adjustments are made on this line. However, if you received Tier 2 railroad retirement benefits or partially taxable distributions from a pension plan, you may need to make the following adjustments.

If you began receiving a retirement annuity between 7/1/86 and 1/1/87 and elected to use the three-year rule for California purposes and the annuity rules for federal purposes, enter in column C the amount of the annuity payments you excluded for federal purposes.

Caution: You may have to pay an additional tax if you received a taxable distribution from a qualified retirement plan before reaching age 59½ and the distribution was not rolled over into another qualified plan. See Form 540, line 33 instructions; or form FTB 3805P, Additional Taxes on Qualified Plans (Including IRAs) and Other Tax-Favored Accounts.

Line 17 – Rental Real Estate, Royalties, Partnerships, S Corporations, Estates, Trusts, etc.

Adjustments to federal income or loss you reported in column A generally are necessary because of the difference between California and federal law relating to depreciation methods, special credits, and accelerated write-offs. As a result, the recovery period or basis used to figure California depreciation may be different from the recovery period or amount used for federal. For more information, see the instructions for column B and column C, line 12.

Note: California law does not conform to federal law for material participation in rental real estate activities. Beginning in 1994, and for federal purposes only, rental real estate activities conducted by persons in real property business are not automatically treated as passive activities. Get form FTB 3801, Passive Activity Loss Limitations, for more information.

Use form FTB 3801, Passive Activity Loss Limitations, to figure the total adjustment for line 17 if you have:

- One or more passive activities that produce a loss; or
- One or more passive activities that produce a loss **and** any nonpassive activity reported on federal Schedule E.

Use form FTB 3885A, Depreciation and Amortization Adjustments, to figure the total adjustment for line 17 if you have:

- Only nonpassive activities which produce either gains or losses (or combination of gains and losses); or
- Passive activities that produce gains.

Note: LLCs that are classified as partnerships for California purposes and limited liability partnerships (LLPs) are subject to the same rules as other partnerships. LLCs report distributive items to members on Schedule K-1 (568), Member's Share of Income, Deductions, Credits, etc. LLPs report to partners on Schedule K-1 (565), Partner's Share of Income, Deductions, Credits, etc.

Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, for more information about accumulation distributions to beneficiaries for which the trust was not required to pay California tax because the beneficiary's interest was contingent.

Line 18 – Farm Income or (Loss)

Adjustments to federal income or loss you report in column A generally are necessary because of the difference between California and federal law relating to depreciation methods, special credits, and accelerated write-offs. As a result, the recovery period or basis you use to figure California depreciation may be different from the amount used for federal purposes, and you may need to make an adjustment to your farm income or loss.

Use form FTB 3801, Passive Activity Loss Limitations, to figure the total adjustment for line 18 if you have:

- One or more passive activities that produce a loss; or

Enter these losses on line 41 as a negative number.

Federal law allows a deduction for Tuition Fees and Domestic Production Activities. California does not conform to these deductions. The amount claimed as Tuition Fees Deduction for federal purposes should be entered on line 35, column B, with the notation "Tuition and Fees Deduction". If entries in column B are required for both "Domestic Production Activities Deduction" and "Tuition Fees Deduction" add a statement in the space provided below line 35 showing the break down for each adjustment.

Line 36 – Add line 23 through line 31a and line 32 through line 35 in column B and column C.

If you claimed the foreign housing deduction, include that amount in the total you enter in column B, line 36. Enter the amount and "Form 2555" or "Form 2555-EZ" on the dotted line next to line 36.

If you are active duty military and not domiciled in California and your IRA deduction was limited because of a federal AGI limitation, recalculate your deduction excluding your active duty military pay. If the recalculated amount is larger than the amount on line 32, column A, enter the difference between the two amounts in Column C, line 36. Enter the amount and "MPA Adjustment" on the dotted line next to line 36.

Line 37 – Total

Subtract line 36 from line 22 in column B and column C.

Also, transfer the amount from:

- Line 37, column B to Form 540, Side 1, line 14

Caution: If column B is a negative number, transfer the amount as a positive number to line 16.

- Line 37, column C to Form 540, Side 1, line 16

Caution: If column C is a negative number, transfer the amount as a positive number to line 14.

Add the following amounts from federal Schedule A (Form 1040) and enter on line 39:

- Line 5, state and local income tax (including limited partnership tax and income or franchise tax paid by corporations), and State Disability Insurance (SDI) or Voluntary Plan Disability Insurance (VPDI); and
- Line 8, foreign income taxes.

If you are deducting either local general sales and use taxes or state and local income taxes as an itemized deduction on federal Schedule A, line 5, enter the amount on Schedule CA, line 39.

Note: For tax years beginning in 2004 and 2005, the American Jobs Creation Act of 2004 allows taxpayers to elect to claim either local general sales and use taxes or state and local income taxes as an itemized deduction. If you are deducting either of these on line 5 of federal Schedule A, enter the amount on line 39.

Line 41 – Other Adjustments

Adoption-Related Expenses – If you deducted adoption-related expenses on your federal Form 1040, Schedule A and are claiming the adoption cost credit for the same amounts on your Form 540, enter the amount of the adoption cost credit claimed as a negative number on line 41.

Mortgage Interest Credit – If you reduced your federal mortgage interest deduction by the amount of your mortgage interest credit (from federal Form 8396, Mortgage Interest Credit), increase your California itemized deductions by the same amount. Enter the amount of your federal mortgage interest credit as a positive number on line 41.

Nontaxable Income Expenses – If, on federal Schedule A, you claim expenses related to producing income taxed under federal law but not taxed by California, enter the amount as a negative number on line 41.

You may claim expenses related to producing income taxed by California law but not taxed under federal law by entering the amount as a positive number on line 41.

Employee Business Expense – If you completed federal Form 2106, Employee Business Expense, or Form 2106-EZ, Unreimbursed Employee Business Expense, prepare a second set of forms reflecting your employee business expense using California amounts (i.e., following California law).

Generally, California law conforms with federal law and no adjustment is needed. However, differences occur when:

- Assets (requiring depreciation) were placed in service before 1/1/87. Figure the depreciation based on California law.
- Federal employees were on temporary duty status. California does not conform to the federal provision that expanded temporary duties to include prosecutive duties, in addition to investigative duties. Therefore, travel expenses paid or incurred in connection with temporary duty status (exceeding one year), involving the prosecution (or support of the prosecution) of a federal crime, should not be included in the California amount.

Compare line 10 on the federal form and the form completed using California amounts. If the federal amount is larger, enter the difference as a negative number on line 41 (bracket the number). If the California amount is larger, enter the difference as a positive number on line 41.

Investment Interest Expense – Your California deduction for investment interest expense may be different from your federal deduction. Use form FTB 3526, Investment Interest Expense Deduction, to figure the amount to enter on line 41.

Interest Expense Deduction – Your California interest expense deduction may be different from your federal deduction. A deduction is allowed for interest paid on any loan or financed indebtedness from a utility company to purchase energy efficient equipment and products for California residences. Enter as a positive number on line 41.

Gambling Losses – California lottery losses are not deductible for California. Enter the amount of California lottery losses shown on federal Schedule A as a negative number on line 41.

Federal Estate Tax – Federal estate tax paid on income in respect of a decedent is not deductible for California. Enter the amount of federal estate tax shown on federal Schedule A as a negative number on line 41.

Generation Skipping Transfer Tax – Tax paid on generation skipping transfers is not deductible under California law. Enter the amount of expenses shown on federal Schedule A as a negative number on line 41.

State Legislator's Travel Expenses – Under California law, deductible travel expenses for state legislators include only those incurred while away from their place of residence overnight. Figure the difference between the amount allowed using federal law and the amount allowed using California law. Enter the difference as a negative number on line 41.

Charitable Qualified Contributions – Your California deduction may be different from your federal deduction. California limits the amount of your deduction to 50% of your adjusted gross income.

Charitable Contribution Carryover Deduction – If deducting a prior year charitable contribution carryover, and the California carryover is larger than the federal carryover, enter the additional amount as a positive number on line 41.

Health Savings Account (HSA) Distributions – If you received a tax-free HSA distribution for qualified medical expenses, enter the qualified expenses paid that exceed 7.5% of federal AGI as an adjustment to itemized deductions. To determine the amount of the itemized deduction adjustment:

- Calculate the medical expense deduction for California.
- Calculate the medical expense deduction for federal.
- Subtract the federal amount from the California amount. Enter the amount on line 41, as a positive amount.

Carryover Deduction Appreciated Stock Contributed to a Private Foundation prior to 1/1/02 – If deducting a charitable contribution carryover of appreciated stock donated to a private operating foundation prior to 1/1/02, and the fair market value allowed for federal purposes is larger than the basis allowed for California purposes, enter the difference as a negative number on line 41.

Interest on loans from utility companies – Taxpayers are allowed a tax deduction for interest paid or incurred on a public utility company financed loan that is used to purchase and install energy efficient equipment or products, including zone-heating products for a qualified residence **located in California**. Federal law has no equivalent deduction. Enter the amount as a positive number on line 41.

Medical benefits paid on behalf of registered domestic partners – Taxpayer benefits are extended to include the taxpayer's registered domestic partner and their dependent(s) for medical expenses and health insurance benefits that occur on or after 1/1/02. Federal law does not include this provision. Enter the amount as a positive number on line 41.

Claim of Right – If you had to repay an amount that you included in your income in an earlier year, because at the time you thought you had an unrestricted right to it, you may be able to deduct the amount repaid from your income for the year in which you repaid it. Or, if the amount you repaid is more than \$3,000, you may take a credit against your tax for the year in which you repaid it, whichever results in the least tax.

Note: If the amount repaid was not taxed by California, then no deduction or credit is allowed.

If you claimed a credit for the repayment on your federal return and are deducting the repayment for California, enter the allowable deduction as a positive amount on Schedule CA (540NR), line 41. Deductions of \$3,000 or less are subject to the 2% federal AGI limit.

If you deducted the repayment on your federal return and are taking a credit for California, enter the amount of the federal deduction as a negative amount on Schedule CA(540NR), line 41. To help you determine whether to take a credit or deduction, see the Repayment section of federal Publication 525, Taxable and Nontaxable Income. Remember to use the California tax rate in your computations. If you choose to take the credit instead of the deduction for California, add the credit amount on line 44, the total payment line, of the Form 540. To the left of the total, write IRC 1341 and the amount of the credit.
